

GHMZ COVID-19 Response Guidelines

Revised 9.29.20

Positive COVID-19 Test, COVID-19 Diagnosis, or Waiting for Testing Results

Isolation Guidelines:

Return to school contingent upon completion of **all 3:**

1. **24 hrs** fever-free w/o fever reducing meds
2. Improvement in respiratory symptoms
3. **10 days** have passed since first symptoms started if symptoms are mild to moderate or 10 days from positive test if subject is asymptomatic
or
20 days have passed if symptoms are severe to critical or patient is severely immunocompromised

Students and faculty can return early with two negative tests that are 24 hours apart or a doctor's note.

Actions:

1. Campus Response Team will notify Maricopa County Public Health Department, and Executive Director. HR will also be notified if subject is an employee
2. Executive Director will assemble the GH COVID Response Team
3. Close off and disinfect all non-porous surfaces asap
4. Determine where the student or employee has been and whom they have had close contact with for the past 48 hours. Close contact is defined as within 6 ft for more than 10 minutes.
5. Communicate directly to all adults/students who have come into "close contact" with the subject and quarantine for 14 days.
6. Communicate in a manner consistent with other infectious disease notifications and legal confidentiality requirements to:
 - a. All Faculty members if subject is a faculty member
 - b. Families in the same section as the student/teacher
 - c. All teachers of the student if the subject is a student
7. Ask the parent if they would like the student to engage in GHDL (may return before quarter)
8. If Teacher/staff – determine coverage
9. School Closure, section or grade level quarantines will be determined by the GH Response Team with advisement from the Maricopa County Department of Health

GHAZ COVID-19 Response Guidelines

Revised 9.29.20

Student, Teacher, or Staff Member Exhibits Covid-19 Symptoms

(Not part of a pre-existing condition such as asthma or known allergies)

Symptoms:

- Cough
- Shortness of breath or difficulty breathing
- Fever
- Chills
- Repeated shaking with chills
- Muscle pain or body aches
- Headache
- Sore Throat
- New loss of taste or smell
- Nausea or Vomiting
- Diarrhea
- Fatigue
- Congestion or runny nose

Isolation Guidelines- If Tested

1. Seek medical attention from your physician and get a COVID-19 test, if possible.
2. Stay home until results of test have been received.
3. **If Positive:**
Return to school contingent upon completion of **all 3**:
 - **24 hrs** fever-free w/o fever reducing meds
 - Improvement in respiratory symptoms
 - **10 days** have passed since first symptoms started if symptoms are mild to moderate or 10 days from positive test if subject is asymptomatic**or**
 - **20 days** have passed if symptoms are severe to critical or patient is severely immunocompromised
4. **If Negative:**
 - Stay home and away from others until a **full 24-48 hours** have passed since the **fever (including chills,**

Actions:

1. School nurse will determine if symptoms are part of a pre-existing condition such as asthma or allergies. If not, continue to step 2.
2. Symptomatic individual is immediately sent home
3. Disinfect areas that the student/teacher has been in contact with
4. Notify HR (for teacher and staff members) and Executive Director. GH Response Team is not notified.
5. Communicate to all those who teach the student if subject is a student.
6. Ask parent if they would like the student to engage in GHDL (may return before quarter)
7. If teacher, determine coverage

GHAZ COVID-19 Response Guidelines

Revised 9.29.20

shakes, and body/muscle aches) has gone away without the use of fever-reducing medications **AND the respiratory symptoms (cough, shortness of breath, difficulty breathing, sore throat, congestion or running nose, and loss of taste/smell) have fully resolved.**

- Return with doctor's note if symptoms are still present.

Isolation Guidelines- If Not Tested

We understand that not everyone will have the resources to get tested every time they exhibit a symptom. We also understand that other illnesses will be passed around that have some of the same symptoms as COVID-19 such as the common cold.

5. **If not tested, but seen by a doctor, and doctor suspects COVID-19, or if symptoms are unique to COVID-19 such as loss of taste or smell see guidelines for Positive COVID-19.**
6. If not tested, and if symptoms can be attributed to some other illness as determined by the school nurse, or some other health professional, **return a full 24-48 hours after fever has resolved without fever reducing medication and all symptoms have fully resolved.**
7. Return with doctor's note if symptoms are still present and doctor does not suspect COVID-19.

Close Contact with Someone Who Tested Positive for Covid-19

Close contact is defined as being within 6 ft for 10 minutes or more or living in the same household with the ability to avoid further close contact. Household members are encouraged to stay six feet away from the person who tested positive, and to not share a bedroom, bathroom, towels, or eating utensils.

Isolation Guidelines:

1. Exposed individual is quarantined off campus for 14 days from last day of contact as long as they don't have symptoms.

Actions:

1. If subject is an employee, notify HR and ED
2. Send student or employee home at ask them to check their temperature twice

GHAZ COVID-19 Response Guidelines

Revised 9.29.20

<p>2. If mild to moderate symptoms develop return 10 days after first symptoms appeared and 24 hours of being fever free without medication, and 20 days if symptoms are severe to critical or patient is severely immunocompromised</p>	<p>a day and to watch for symptoms to develop. Remind them to stay away from people who are at a higher risk.</p> <p>3. Ask the parent if they would like the student to engage in GHDL (may return before quarter)</p> <p>4. If Teacher/staff – determine coverage</p>
